

## About Us

[Conscious Universe Productions Incorporated](#) with offices in St. Paul, Minnesota and Denver, Colorado is a cooperatively run and community owned Radio, Television, Internet, and Live Event Production and Management Public Benefit Corporation with the sole purpose of insuring that grassroots related, community enhancing, and independent productions with the purpose of expanding human consciousness become a reality.

Certified to meet rigorous standards of social and environmental performance, accountability, and transparency, the team of content creators, educators, writers, digital artists, animators, filmmakers, designers, event experts and other production related professionals band together to engage the mission of reviewing potential media projects to deem them necessary for the public to experience.

CUP sanctioned projects are presented to different independent producers who work to ensure that some piece of initial media is produced to represent the project's core while largely remaining in the hands of the creators.

## Position Description

Art and Design Interns are the creative backbone of CUP and its facilitated media projects. These positions work with other members of the Wabi-Sabi Art & Design Team in conjunction with the Providence Operations & Logistics Team to creative the visual experience for customers and project audiences. They design art for marketing campaigns used in advertising and promoting CUP associated media projects. They craft storyboards that are used in the production and in production pitches to potential partners. They also help to design apparel and other merchandise for crowdfunding rewards and sales and online sales.

### ***Responsibilities:***

- Assist Providence Team with art designs needed for marketing, advertising, promotions, and other project related purposes
- Assist Wabi-Sabi Team with coordinating visual artists involved in projects
- Create designs based on television script and other pre-determined themes
- Collaborate with members of various teams to prepare client pitch presentations
- Collect and maintain electronic and physical art files and using art related software to manipulate them
- Serve as liaison between visual artists, CUP and the public during events
- Develop and implement contest rules and procedures for art related contests
- Perform other art and design duties as assigned

***Desired Skills and Experience:***

- Understanding basic art and design principles
- Possess some experience in designing art on digital platforms
- Some experience working with Teams
- Strong portfolio of working with project related art and design is preferred
- Familiarity with different types of art consumers and their market audiences
- Genuine love of visual art
- Good professionalism, verbal, written, listening and communication skills
- Well organized with strong time management skills and must be detail oriented
- Possess a cell phone, transportation, and personal computer
